

ALABASTER PROJECT MINISTRIES NEWSLETTER

November 2014

VOL.14 NO.5

CHAD

Last September, King traveled to Chad for the purpose of setting up a mission base. A woman doing her laundry by the Chari River, which makes this desert land habitable. We honestly ask for your prayers concerning this mission base. May the Lord go before us and make His way straight. Now is the time of God's favor. May the Lord's favor surrounds us as with a shield.

ISAIAH, God's Man

We have known Isaiah and his family for at least ten years. In all these years, he and his family have stood firm in their faith in Jesus. They have withstood persecution with patience and faith in their savior. Indeed their faith is spoken of throughout the world. They are part of a few believers that endures all things, prays for their enemies and are true light in their community. Even though his is an illiterate farmer with ten children, God has blessed him to educate all of them except the oldest daughter. Alabaster Project have trained them to provide wound care in their village. Whenever anyone is injured, this family reaches out by providing wound care and praying for their persecutors.

HOUSE FIRE

One Sunday morning last month we were awoken by a call of fire. The electrical switch board of the mission house where we live was on fire. It took about an hour to extinguish the fire. It is only by the grace of our God, who continuously watches over us, that we were able to stop the fire. We thank God for saving us AGAIN! Psalm 68:20.

FAMILY REUNION

For years we have prayed concerning our nephews who reside in France. It was a miracle to receive an email last August, 2014 from Glenn and his fiancé, Irina. We had not seen Glenn since 1996. What a joy it has been to be reunited with family!

House of Joseph will be replenished and filled to capacity, oh what a joy it will be to provide for all the widows and orphans.

ANDRÉ NKEN

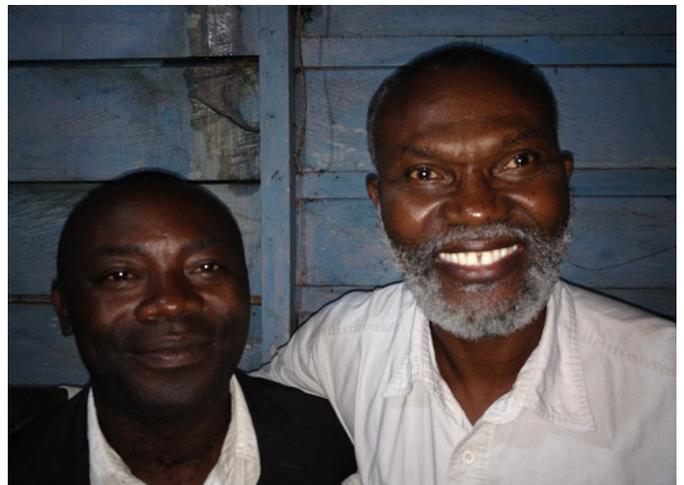

These women worked very hard carrying corn to the processing machine.

André recently joined us from Cameroon, Africa. He has answered the call of God to go into the 10/40 window to share the good news of the kingdom of God. André has been undergoing discipleship formation, and training to provide basic dental care. He is also being trained in other basic medical services, such as eye care.

FARM

As the number of widows and orphans we cater to has increased greatly, the Lord has challenged us to add another farm to double or production. This year we planted corn on both farms, and we were truly blessed with a good harvest. God sent an abundance of rain.

ENCOURAGEMENT

While this year has been trying at times, it has also been a year of encouragement. We have

been called or visited by many of the young men we ministered to during the first ten years of our stay here in Tamale. We received a report from a young man in Spain who is completing his education with hopes of returning to Ghana to help others. We were visited by a young man who worked with us in 1999. This young man went on to attend university and has now received his masters.

He has been appointed as the head administrator of one of the Polytechnics in the country. Another gentleman is currently attending school in Finland and has plans of returning to Ghana to minister to those in his region. These are but a few testimonies of people who we either help educate or gave godly advice, and who have decided to make a difference in the lives of others.

**On behalf of the people of the Northern region of Ghana,
Thanks for
Supporting Alabaster Project Ministries**

PRAYER REQUESTS

Pray for additional workers in the areas of:

Administration	Bible Teaching
Farm Managing	Mechanics
Eye care professionals	Handyman or woman
Writing grants for Alabaster Project Ministries	

Please send all contributions for the Alabaster Project Ministries to:
