Even the younger ones are welcome to participate.

Evangelistic Group

We are excited to partner with a group of young people whose hearts are moved to evangelize the unbelievers in their communities. This group of young people range from age 12 to 24. They are currently participating in evangelistic training classes through Alabaster Project. Please pray for them as they endeavor to do the will of God.

CHRISTMAS

This Christmas celebration, like so many of the past years, was one to remember. Well over a hundred young people, widows and orphans attended. As usual we had great fun eating, singing, and dancing. The Bible trivia and giving of prizes for the correct answers, is always our fa-

vorite time. As you could imagine, some were more prepared than others. This year a young lady of about 11 years, got the most prizes. She had grown up with her believing grandmother and had learned the scriptures very well. Many of the widows came to the celebration, and Priscilla baked and fried special treats for them. The orphans also look forward to celebrating the birth of our Savior with us year after year.

40 ft.”

CONTAINER

40 ft.”

Our journey to North Africa went well. We have had meetings with the authorities regarding our container which, Lord willing should be shipped soon. The Lord has given us great favor with the officials concerning this container. The many documents necessary for clearing the container through the ports and borders are almost completed. We are grateful to the Lord for his guidance. Please keep praying, this too shall be accomplished in God’s timing.

We traveled to several countries in Central and South America last year. Our brothers and sisters from that region, are preparing to enter the 10/40 window with the gospel of Jesus Christ.

MISSIONARY FORMATION

. Now, more than ever, the significance of oneness in Christ has become more apparent to us. All that really matters is working together in love, to reach the lost and give the world hope in Christ. Amen.

Many have heard and are determined to answer the call of God. . We had an exciting time of fellowship, mobilization, and mission training for those called into missions. We are formally organizing ourselves to meet the challenge of reaching the unreached people groups.

ALABASTER PROJECT

We have relocated one of our disciples, John, to our base in North Africa. John is doing well and is applying the teachings of Christ. He has started disciplining a group of young men at the new base. He has grown quite a bit spiritually these past four months, and feels at home in the desert. This is the Lord's doing and we are rejoicing to see one of our sons move on in the things of the Lord.

WALL COLLAPSED

It seems in recent years our weather patterns are becoming increasingly erratic. Last year during a horrendous storm we had torrential rains which flooded our compound at Bethany Village, Ghana. During this storm, the level of water increased to the point of weakening our wall. The ground became waterlogged. This resulted in a break in the wall. The cost to repair it is more than half our budget for repairs and maintenance.
